

MELLINE[®]

EXPERTS IN SKIN HYPERPIGMENTATION

**THE ONLY BRAND OF MEDICAL-AESTHETIC AND DERMATOLOGICAL
PRODUCTS SPECIALIZING IN SKIN PIGMENTATIONS.**

MELINE® is the only aesthetic medicine brand exclusively dedicated to addressing all types of skin hyperpigmentation.

Our innovative approach provides professionals with tailored treatments considering:

- TYPE OF HYPERPIGMENTATION
- SKIN TONE
- AFFECTED BODY AREA

MELINE® treatment programs combine clinical sessions with at-home skincare regimen for optimal, lasting results.

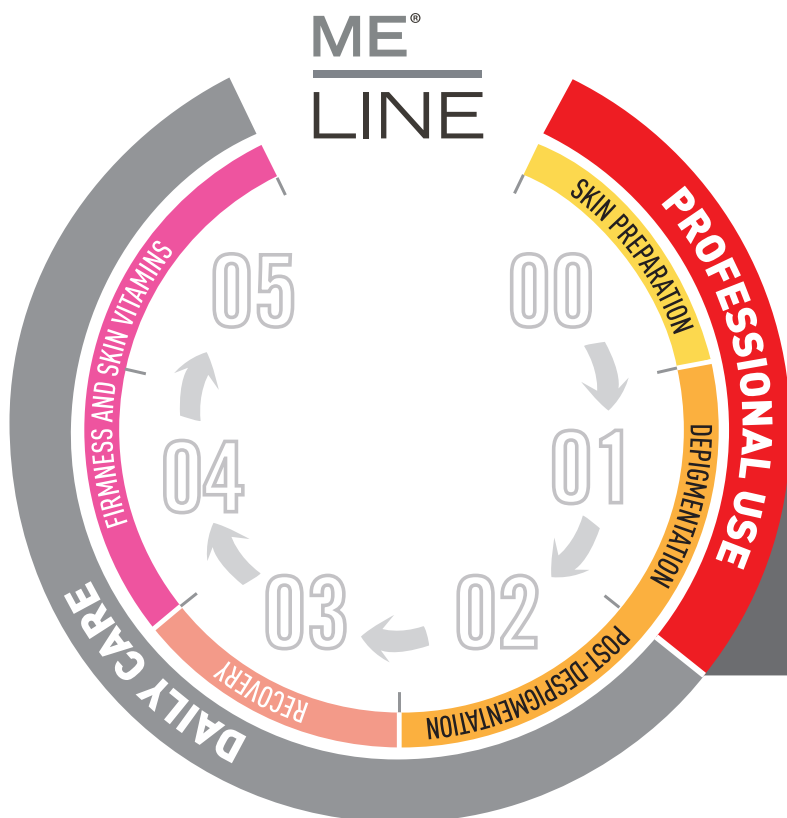

MELINE®

Each MELINE® treatment program consists of in-office sessions and a follow-up regime for home use. This approach ensures the total success of the treatment and helps prevent the recurrence of skin discolorations.

MELINE® products undergone rigorous testing by renowned doctors and dermatologists, guaranteeing both their safety and efficacy.

EASY TO USE

MELINE® provides integrated solutions which combine professional treatments with home care products, which act together in synergy. For ease of use, the color on the packaging helps to distinguish them at first glance.

Order the products are applied and their function:

- 00: Skin permeability control
- 01: Professional treatment
- 02: Post-professional home treatment
- 03: Recovery and hydration
- 04: Imperfection protection and control
- 05: Treatment enhancement
